The Legacy epitomizes what the founder of our company, Gale McMillan, believed to be the perfect hunting rifle. The Classic Sporter stock has timeless lines with a beautiful shadow line cheekpiece and clean panel checkering in the forend and pistol grip. McMillan's proprietary EDGE graphite ultralight technology saves weight without sacrificing strength. The stock and metal surfaces have an anti-glare

finish. The McMillan G30 custom action incorporates the most significant trends in contemporary firearms engineering. And the match grade barrel delivers superior accuracy, giving you a rifle that shoots as good as it looks. PRODIGY®

THE CUTTING EDGE IN A LIGHTWEIGHT WORKING RIFLE THAT CARRIES AS WELL AS IT SHOOTS.

Cut those mountains down to size. McMillan's Prodigy represents the latest trends in a lightweight working rifle. The Classic Compact stock has a thin wrist and trim forend. The stock uses McMillan's proprietary EDGE ultralight graphite technology to save weight

without sacrificing strength. The match grade barrel is a slender #3 taper to shave ounces. If you are the kind of hunter who leaves camp before dawn, busts the hills all day to get away from crowds and returns to camp only after dark, the Prodigy is your rifle.
